We support rooms **IN 204W** and **IN 209W** at Innis College. They have specially-designed Jr. Stations with Blu-Ray players installed and no remote access - search Room Notes in MS To-Do for full details on how troubleshoot these rooms.

IN 312e – This is an LSM room, but we "share support" with Innis College AV support.

In emergencies 🚨

While Innis College doesn't officially support rooms IN204W and 209W (those are our rooms), Ian Swain says that at times when the northside co-pilot is swamped with requests and would be severely delayed visiting the room, he has called the Innis contact number above to ask if they'd help out. And they said "yup, no problem."
