

MS 3153 & 3154

[KB Home](#) > [User Troubleshooting](#) > MS 3153 & 3154

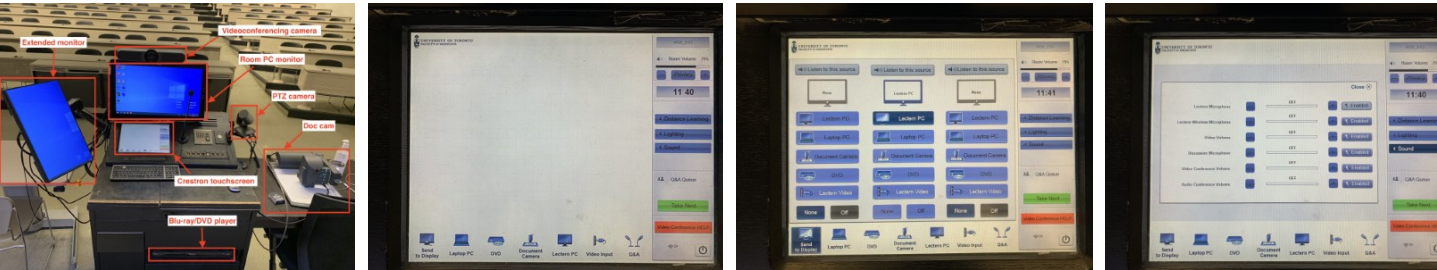

How to send a source to display

- At the bottom of the touchscreen, tap *Send to Display*.
- Select a source to send to the relevant comfort monitor and projector.

How to unmute audio

- On the right-hand side of the touchscreen, tap *Sound*.
- Tap the Enable button.
- Increase and decrease the volume levels as needed.
- Note: none of the sources will enable if the **Privacy** button at the top right of the touchscreen is flashing (it mutes everything).
 - Tap the Privacy button to turn it off
